

Revised Capitol Loop Reconstruction

Project Staging

Work will take place in stages to reduce the inconvenience to motorists and to maintain access to the downtown area. In addition, pedestrian access will be maintained throughout the project.

2005

Road reconstruction and sewer work on:

- **Allegan St. between Capitol Ave. and Butler Blvd.**
- **Walnut St. between Ottawa and Allegan Sts.**

During construction, all streets will be closed to thru traffic to accommodate repairs. Local access will be maintained.
